13:00 - 13:30 VALEDICTORY SESSION

13:30 - Fare-well Lunch

Dear Colleagues and Friends,

With great privilege and honour, I on behalf of the Organizing committee of NEDSCON '17 welcome you to the 22nd Annual Conference of the North Eastern Diabetes Society to be held in Dimapur from 11th – 12th November 2017.

The great success of the previous twenty one NEDSCON held all over Northeast has paved the way to create a similar congress in Dimapur.

Since the 1st meeting, the Congress has grown tremendously, dealing with years of knowledge, innovative research and the most up-to-date tools, techniques and integrative approach. As the earlier Congresses, this Congress will combine theory and practice to learn from best practices and to have constructive debates around one of the most important public health issues, the prevention of diabetes and its complications. Although we can declare today that the work targeted to the prevention of diabetes and its complications has been a true success story, there is still a long way to go and many lessons to be learned.

With innovative and comprehensive agenda along with distinguished faculties and speakers, we hope that you will enjoy the Congress and that your interaction with your colleagues from many different places will stimulate a creative exchange of ideas and will be personally rewarding. We also hope and trust that you will enjoy the pleasant mild climate and the many attractions of the beautiful state of Nagaland.

We look forward to your active participation and host you in Dimapur this November.

Dr. K. Hesso
Organising Chairperson
NEDSCON 2017
